

# Steamboat Springs, CO EPSC Winter Carnival 2025

## January 25 – February 1, 2025

*Winter is the perfect time to experience the spirit of Steamboat. Our rich history as a ranching town permeates our present as you feel the warmth of a genuine western welcome to a community happy to share their love of Steamboat. Ease into bluebird days and glistening snowcapped peaks that will pique your sense of adventure and curiosity. Or spend your days exploring the mountain range atop a trusty quarter horse or a speeding snowmobile. Stroll down Main Street and refuel with a hearty meal at one of our various restaurants, relax in the healing waters of the mineral hot springs, then snuggle down in the warmth of your lodge as Champagne Powder® snow primes the peaks for another unforgettable day in Steamboat.*
