<u>Double</u>	<u>Triple</u>	<u>Quad</u>	<u>Single</u>
\$439	\$377	\$354	\$469 (Twin Bed)

MOUNT SNOW – Mount Snow is a mountain resort and ski area in southern Vermont located in the Green Mountains. Located in southern Vermont in West Dover, Mount Snow is the most accessible Green Mountain getaway from southern metropolitan areas. The Mount Snow ski area has terrain suitable for all ability types, from gentle beginner slopes to blue cruisers and challenging black diamonds. The resort is known for having great snow making coverage (includes a 12 acre snowmaking lake for nearly unlimited water), excellent grooming operations, modern facilities and a comfortable lodge. Mount Snow is home to the East Coast's first All Park Mountain Face, Carinthia at Mount Snow, which debuted in the 2008-2009 season. Carinthia is home to nine parks, with both natural and man-made features and a half-pipe. A new base lodge at Carinthia will be open this season. In the summer of 2011, Mount Snow installed a brand new Leitner-Poma high-speed detachable six-pack bubble chair. This new lift transports skiers to the top of the mountain in 7 minutes. The bubble shields skiers and riders from wind and snow and keeps them warm.

GRAY GHOST INN - The Gray Ghost Inn is a family owned bed and breakfast located just 1 mile from Mount Snow Resort. The inn boasts a fun, welcoming environment and is walking distance to 3 restaurants. Other amenities include a spacious game room with ping-pong and air hockey, a relaxing lounge (BYOB), WIFI and an outdoor hot-tub.
